

WILL ADVOCATE TRADE RELATIONS

SENATOR FRANCE IS ENTHUSIASTIC OVER SOVIET GOVERNMENT

Talks With Lenin and Trotsky and is Much Impressed—Don't Know Anything About the Third Internationale—Secures the Release of One of the American Prisoners

(By The Associated Press)

RIGA, July 30.—Soviet Russia has agreed to release American prisoners and to accept famine aid from the American relief association just at the moment that United States Senator Joseph I. France of Maryland has returned to Riga from Moscow determined to advocate renewal of trade relations, and perhaps diplomatic relations between Russia and the United States and bringing with him one of the prisoners, Mrs. Marguerite E. Harrison of Baltimore, who was freed by his efforts at Moscow.

Senator France who entered Russia several weeks ago skeptical of the advantage of immediate diplomatic relations with the Soviets, but believing that trade relations were advisable, has returned an ardent enthusiast for both.

ROAR OF GUNS AND BIG PARADE MARK PAGEANT OPENING

Opening Address by Secretary of Labor Davis

(By The Associated Press)

CHICAGO, June 30.—The roar of a battery of navy guns, shrieking whistles, fireworks and a monster parade more than four miles long marked the opening day of Chicago's pageant of progress.

At 10 o'clock in the morning a button pressed by Vice-President Coolidge in Boston clanged the great fire gongs at the entrance of the Municipal Pier with its solid line of industrial exhibits from all parts of the country. Then came the first reports of cannon and the roar of aerial bombs, the signal to the waiting crowds that the gates of the pageant were opened.

Fifteen minutes later, Secretary of Labor Davis, spokesman for President Harding delivered the opening address.

"At a time when our whole country seems paralyzed you hearten the timid with this record of a progress that staggers the mind when we consider in what a short time that progress has been achieved," he declared. "In a time of depression when the whole nation seems industrially numb and despondent and without the will power to lift a finger in recovery, you stage this pageant as if to ask: 'You who have wrought this miracle of progress the most glorious of any in history, do you dare falter now?'"

Monster Parade Moves

Later there was a monster parade in which it was estimated that 75,000 persons took part while hundreds of thousands more watched from the sidewalks and the office buildings of the business district. Hundreds of gaily decorated floats bore exhibitors typifying the nation's progress and the inventive genius of its citizens. On the pier itself there are four streets each half a mile long divided into sections. There are automobiles there and zithers and everything between. There are relics of the stone age, and there are 1921 babies showing in striking contrast the progress of civilization and commerce from pre-historic times until the present.

The New York Central railroad shows the progress of transportation from the tiny locomotive of 1833 to the giant Mallet of today—the 1921 engine alone being longer than the whole train of 90 years ago. The Western stage coach set beside the latest model limousine and the oriental intricacies of the middle ages are seen besides the art of modern times.

The program outlined for the exposition which will continue until August 14 embraces speed boat races, pigeon and airplane races, a sham battle, bombing events, swimming races and a high diving contest, venetian nights and other forms of pageantry.

Mrs. Norma Stout and Mrs. John W. Clark went to Chapin Saturday to organize Red Cross work.

MANY DIVERGENT VIEWS ARE FOUND ON TAX REVISION

Goal is to Cut Half Billion for Tax Bill Next Year

(By The Associated Press)

WASHINGTON, July 30.—Republicans of the house ways and means committee conferred here today for a development of views on tax revision. Many divergent opinions were developed but no decision was reached.

Chairman Fordney said afterwards that the goal to which he would strive would be a cut of a half a billion dollars in the tax bill next year. His opinion was that by the exercise of rigid economy the government could be operated for three and a half billion dollars in 1922 instead of the four billions estimated by the treasury.

Other members were less optimistic. They thought that the enormous fixed expenses, including the interest on the public debt, the costs of maintaining the army, navy and the government merchant fleet it would be impossible to get along with much less than four billions of dollars and consequently could see little prospect of any marked reduction in the tax burden.

In Sympathy With Repeal Practically all members of the committee are in sympathy with the repeal of the transportation taxes both passenger and freight, but they have not yet fixed upon a new source of revenue to offset the loss of \$330,000,000 to the treasury that this would involve.

Chairman Fordney's idea is that if the repeal of the whole is found impracticable, a start might be made by cutting them in half next year and eliminating the balance the year following. Representative Longworth, Republican, Ohio, has before the committee a revision bill proposing straight out repeal. Asked about the repeal of what the treasury has characterized as nuisance taxes, such as that on soda water, Mr. Fordney said smilingly that all the taxes in the bill were "nuisances."

There is a difference of opinion among members as to the time which will be necessary to frame the tax bill. Representative Fear, Republican, Wisconsin, said today it might be September 1 before the measure would be ready for the house. He declared the subject was a highly important one and should be given earnest thought and study.

In this connection the Wisconsin member said he was opposed to anyone dictating to the committee what should or should not be done.

Another Party of

SWISS GUIDES ARE BEING ORGANIZED

Will Take Up Search for Body of Purdue President

ident

(By The Associated Press)

CALGARY, Alberta, July 30.—Another searching party of Swiss guides was being organized today to recover the body of W. E. Stone, president of Purdue University, who plunged to his death from Mount Eanon, July 16.

This information was received here today by the Calgary Herald, from its correspondent who now is at Trail Centre Camp with the rescue party returning to Banff with Dr. Stone's widow. The educator's son is expected to reach Banff tomorrow and to press on to Mount Eanon in quest of his father's body.

Mrs. Stone today was resting easily in camp after having been carried on a rough stretcher for miles over a narrow mountain trail. She was recuperating rapidly and was expected to show no permanent ill effects from her trying experiences.

It probably will be a week or ten days, however, before she is able to resume her journey, for she will have to ride 33 miles on horse back to Banff.

From Milwaukee, the Illinois short chiefs journey to Minneapolis for a meeting August 2, then to Seattle by way of Vancouver, also stopping at Tacoma, Portland, San Francisco, Los Angeles, Phoenix, Salt Lake City, Denver, Omaha and possibly Rock Island, league.

'Don't Let Them Die Cursing Their Country'

(By The Associated Press)

SPRINGFIELD, Ill., July 30.—"Don't let any more disabled men die cursing their country," was the message sent tonight by William R. McCauley, state commander of the American Legion, to President Harding and United States Senators McCormick, McKinley and Smoot, urging adoption of the Sweet bill or similar relief for disabled veterans. McCauley's message presented the spectacle of a former soldier neglected and dying from disease said to have resulted from service in the army.

The message follows: "George M. Boehmet, private Company C, 119th Infantry last stages tuberculosis. Can live only few days. Helped break Hindenberg line. Coal miner when enlisted. Perfect health. Never received medical treatment before enlistment. Compensation claim filed December, 1920. Bureau war risk ruled disability not connected with service.

Burden of proof placed upon him which is absolutely unfair. Claimant in destitute circumstances. Lack of proper care hastening death. Great publicity has been given supposedly good treatment received by disabled men.

"Case typical of thousands where their government took their all and gave nothing in return. In the name of all that is fair and just for God's sake pass Sweet bill immediately or make regulations relieving such unbelievable conditions.

"Armistice signed 32 months ago. 'Must these men wait death to receive their just reward?'

"The department of Illinois stands ready to furnish hundreds of such cases.

"Don't let any more disabled men die cursing their country.

"We are tired of promises. Men are dying while congress quibbles."

PRESIDENT IS ASKED BY SOUTH TO INVESTIGATE

Believe Refutation of Former Statement Should be Made

(By The Associated Press)

WASHINGTON, July 30.—Representative Byrns of South Carolina, asked President Harding in a letter today to take appropriate action toward officials who by misrepresenting conditions "misled" him to making the statement, that parts of the south were actually menaced with famine and plague.

Replying to the president's letter of yesterday in which Mr. Harding said that an investigation had developed that condition were misrepresented, Mr. Byrns wrote:

"I thought you should know that the people of the south do not question the accuracy of the statement that pellagra may have increased in some one or several states, but what they complain of is the statement that the entire south is actually menaced with famine and plague."

If you will direct that the investigation include the accuracy of this statement and if the facts do not justify it, you will make an official refutation of it, it will be exceedingly gratifying to us.

"I assure you again Mr. President, that it is with great hesitation the people of the south have taken exception to your statement. They are conscious of the fact that your utterance was based upon information you believed to be reliable and unimpeached by the highest motive that can prompt the action of man."

The Institute of Meat Packers announced today that thru its president, Thomas E. Wilson, Chicago, 20,000 pounds of meat had been offered Surgeon General Cummings, of the public health service for use in prevention and cure of pellagra in any district the service might designate.

The telegram from Mr. Wilson added that the institute would be glad to co-operate if further quantities of meat were needed and assumed, in offering the donation that the health service would "organize proper and effective facilities for distribution."

The meat would be selected by experts, it is said on the basis of adaptability to pellagra patients.

DETECTIVES ARE RUNNING DOWN CLUES

Detroit, Mich., July 30.—Detectives who investigated the statement of a taxicab driver that he believed one of his passengers several days ago was Warren C. Spurgin, missing president of the defunct Michigan Avenue Trust company of Chicago, announced tonight they had developed no new clues.

Altho the chauffeur identified a photograph of Spurgin as his fare, the detectives said they held to the belief Spurgin had not been in Detroit. Another report today said a man resembling Spurgin had been seen at Turner, Mich., a village 30 miles north of Bay City.

WOULD ORGANIZE NON-PARTISAN LEAGUE

Portland, Ore., July 30.—Announcement that the Non-Partisan League planned on a plan of organization thruout Oregon was made here tonight by H. H. Stearns, chief organizer for the league.

BRITISH AND FRENCH WILL WORK TOGETHER

To Act in Concert in Asking Safe Passage of Troops

(By The Associated Press)

PARIS, July 30.—Baron D'Abernon, the British ambassador to Germany, has received instructions from his government to associate himself with Charles Laurent, the French ambassador at Berlin, in the demand for the safe passage thru Germany of reinforcements for Upper Silesia, according to Berlin advices tonight.

Belgium, it is learned, will be invited to attend the meeting of the supreme council and the United States will send an observer. The questions of sending reinforcements to the plebiscite are expected to be settled first after which the council will consider the division of the upper Silesian territory as between Germany and Poland.

Problems concerned with the reparations questions will not be taken up these being left for settlement by the allied ministers of finance.

It is understood the council also will discuss means for giving aid to famine stricken Russia and probably will examine the far east situation.

SUSPECT FOUL PLAY IN DEATH OF GOLDEN MAN

Believe Henry Goldstein Was Murdered in Kansas City Hotel

(By The Associated Press)

QUINCY, Ill., July 30.—Two physicians, the coroner and an undertaker have signed an affidavit denying that Henry Goldstein of Golden, Ill., near here, committed suicide by shooting himself in a hotel in Kansas City, July 7. The affidavits have been forwarded to Kansas City with a demand for an investigation.

Goldstein was found dead in his room with a revolver by his side. The coroner's report shows that he died from a gunshot wound fired by himself. The affidavit of the local physicians state that they performed an autopsy and found no evidence of a gunshot wound, but that there was a scalp wound and when the skull was removed a clot was found on the brain.

The affidavit declared Goldstein came to his death as the result of a blow from a blunt instrument. Relatives say when he left here for Kansas City he had a considerable sum of money and a diamond pin. Nothing was found on his body but a receipt for a money order.

SENATOR NORRIS REPORTED BETTER

Washington, July 30.—Improvement in the condition of Senator Norris, Republican, Nebraska, was reported tonight. The senator who collapsed in the senate several days ago and whose condition has been a matter of concern to his friends, was able to take some nourishment today and, it was said, was better in other respects.

Whether he would be able to return to the senate next week was said to be still in doubt.

NOTED BRITISH NEWSPAPER MAN GOES TO TORONTO

Lord Northcliffe Declines to Answer Any Questions

(By The Associated Press)

NEW YORK, July 30.—Lord Northcliffe left for Toronto tonight on another leg of his journey around the world. The British publisher declined to answer any questions having reference to his controversy with Premier Lloyd George or the interview erroneously attributed to him by a British newspaper in which King George was quoted as having told the premier in a conversation concerning the Irish troubles that "I cannot have my people killed in this manner."

"London has no orders to give the dominions," was the comment of Wickham Steed, editor of the London Times who accompanied the publisher to Toronto, when asked whether he expected any such incidents as the cancellation of the British embassy dinner in Washington to which they had been invited on the remainder of Lord Northcliffe's tour which will take him thru Canada, Australia and other parts of the British empire.

The interview attributed to Lord Northcliffe in some newspapers abroad and which brought forth a denial from the king is credited to Mr. Steed in Monday's issue of the New York Times from which it was taken. Mr. Steed however, that he was misquoted.

Did Not Make Statements. "The direct statements attributed to me, I did not make," he said. "I could not have made them for neither Lloyd George nor King told me that they said to me another. I do not know to this day what they said to one another."

"As to the actual facts of the Irish situation it is a fact no one can contest that the possible settlements growing out of the truce are directly accountable to the speech by the king at Belfast—a great-hearted, considerable speech. "It is also inconceivable that King George feels for all his subjects an equal solicitude and nothing would rejoice him more than to see prospective peace in Ireland."

"The London Times has worked very hard for the last two years to promote the settlement in Ireland that the government seems to be approving. I know how given Mr. Lloyd George's government the fullest support when it seemed to be treading the path of peace. We shall continue to give the Lloyd George government fullest support in all efforts to ward a successful conclusion. No one knows that better than Lloyd George who for years has had pertinent reasons to know how true it is. That and that alone was the sense of the quite informal talk I had with the representative of the New York Times."

Lord Northcliffe played golf on Long Island today with Thomas A. Lamont, New York banker, who the publisher said, defeated him soundly.

ATTORNEY GENERAL BRUNDAGE MAKES REPLY TO SMALL

Says the Sole Question That Mr. Small Must Answer to the People of the State of Illinois is, Did He Violate the Law—Says They Are Entitled to Know at Once as to Guilt

(By The Associated Press)

CHICAGO, July 30.—Replying to a statement issued last night by Governor Len Small in which he defended his conduct while state treasurer, Attorney General Brundage declared that "the sole question that Mr. Small has to answer to the people of Illinois is—did he place ten millions of the people's money in a fictitious bank for the profit of himself or associates?"

Mr. Brundage's statement follows in full: "Governor Small in his latest statement says that his records have been open for four years and that had there been irregularities I could have easily determined them.

The governor fails to say that he very carefully took with him when he vacated the office of state treasurer, all records pertaining to the interest on the public moneys and the depositing of public funds. If he will return those public records, which belong to the state of Illinois our auditor will very quickly determine the amount of the withheld interest in addition to the ten million manipulation.

"The governor is very adroit in failing to say that the new state treasurer, Mr. Edward E. Miller, unmasked the depositing of ten million of dollars in a paper 'private bank' at Grant Park, a metropolis of six hundred souls. This knowledge of the act did not come to me until a few weeks ago and was promptly put before the proper authorities.

"My duty to do so would have been the same had Mr. Small been my most intimate friend.

Sole Question for Answer "I repeat that the sole question that Mr. Small has to answer to the people of Illinois is—did he place ten millions of the people's money in a fictitious bank for the profit of himself or associates in violation of the laws of this state. That is the only question the governor has to answer and all clamoring about politics, tax dodgers and persecution will not abate the ultimate question—did Small commit a crime as charged?"

"The state's attorney of Sangamon county and myself realize the importance of the charges and in order that no injustice may be done to the governor the state's attorney is anxious to give him a trial at the earliest possible moment.

"The people of his state are entitled to know immediately whether the governor is guilty. A grand jury of twenty three disinterested and impartial men, by voting the indictments, have said in substance, that the charges are true. It is useless to protest innocence and proceed by obstructive methods. A jury of twelve men will be the final arbiters. The prosecution will aid in promptly getting the issue before them.

"Once for all: Did Mr. Small violate the law in the handling of public funds and personally profit thereby?"

SMALL EXPECTS TO RESUME TOUR MONDAY

(By The Associated Press)

KANKAKEE, Ill., July 30.—Governor Small returned to his home in Kankakee tonight after two days inspection of the roads of Cook, Kane and Will counties. The governor will spend Sunday here and resume his road tour Monday. He does not expect to return to Springfield before Wednesday or Thursday.

Today's trip included inspection of cement roads being laid near Elgin, St. Charles, Joliet and Frankfort, a short visit to the boys' reform school at St. Charles where luncheon was served and a visit to the new penitentiary being erected at Stateville, near Joliet.

After looking over the work being done on the roads of the three counties, included in today's itinerary, Governor Small announced bids would be asked immediately for another 110 miles of hard surfaced roads, located in 17 counties.

EVERYBODY WELL ON MAYFLOWER

Washington, July 30.—The Mayflower, at 8:20 o'clock tonight was off Cape Henlopen, according to a wireless message from Secretary Christian, received by the Naval Communications Office here. The message said: "All well, fine weather. Smooth sea."

Chicago, July 30.—The 30 Valley Hunt and Polo Club Dayton, Ohio, defeated the women's Polo players today, the second time by a score of 19 to 6.

SENATE FINANCE COMMITTEE HAS HARD PROBLEMS

Will Decide on Provision to be Retained in Tariff Bill

(By The Associated Press)

WASHINGTON, July 30.—The questions of whether the American valuation provisions shall be retained in the Fordney tariff bill and whether the dye embargo section shall be restored in the measure will be decided by the senate finance committee before hearings are held on the proposed duties. Two days more, Monday and Tuesday will be given over to discussion of the domestic valuation plan and the dye embargo question will be considered Wednesday after which the committee will meet executive to thrash out its program.

Agreement as to the course of both of the controversial questions was reached today after morning of discussion had made it evident in the opinion of committee members that the two subjects would crop up continuously and delay the hearings. Chairman Penrose had said earlier in the week that the committee probably would decide the policy of American valuation next week and the agreement today was made to include the dye ban as measure of speeding up action.

Senator Penrose earlier in the day had warned that unless more speed was injected into the committee's work, the country would not have a new tariff before considerable snow is on the ground.

He added that 268 persons had attended the session.

Elmhurst Dye Embargo Section was eliminated by the house after a fight, witnesses appeared today, the committee that to leave it out of the measure would result in the destruction of the American dye and chemical industry by the German syndicate. Objections to incorporation in the bill also were heard. The committee itself appeared sharply divided and several times Chairman Penrose stated that the discussion of policy be withheld for executive session.

The temporary restrictions on dye importations, now in effect under the emergency tariff law, expire August 28. Representatives of the chemical interests accordingly appealed for quick action by the committee that until their industry were given some protection it would be destroyed by German competition.

A suggestion was made that the tariff bill would not be made out committee by the date the time control now in force had expired and that it might be continued by congressional resolution in the interim. Legislation could be enacted. Committee members, however, that the suggestion witnesses assumed that the bill would contain an embargo if none were placed in it no further consideration ought to be given the question.

Chicago, July 30.—The 30 Valley Hunt and Polo Club Dayton, Ohio, defeated the women's Polo players today, the second time by a score of 19 to 6.

THE BUDGET GUARD

To add to recognition of the co-operative spirit prevailing in the fact that it has been recognized by governmental authorities in that they have persuaded our mayor, Edgar E. Crabtree, to accept the honorary chairmanship of a local committee in forming a "Budget Guard" to support Gen. Dawes in a nation-wide effort to back a program for governmental economy and efficiency. The selection is a high compliment to our mayor, a recognition of his executive ability. He has accepted the invitation and will serve as chairman of the local committee of the National Budget committee, which is engaged in an effort to gain popular support of the efforts of Gen. Charles G. Dawes, director of the budget, to effect a reduction of

the burden of federal taxation. Announcement of the acceptance of the mayor was made by Stanley H. Howe, director of the National Budget committee, whose headquarters are 7 West 8th street, New York City. The mayor will join with the chief magistrates of a thousand other cities throughout the country in fostering the spirit of popular approval of the policy of federal retrenchment. Active heads of local committees are being selected daily from among the most prominent business and professional men in their respective communities, and efforts are under way to secure the co-operation of leading citizens in a thousand cities by the formation of a nation-wide "Budget Guard" whose members will simply pledge their support to the establishment of a businesslike administration of governmental appropriations and expenditures. Every member of the National Budget committee, which was instrumental in initiating and passing the National Budget bill, is asked to urge upon his fellow citizens the necessity for solidly supporting the present program of governmental efficiency and economy by the elimination of every possible item of expenditure. Every taxpayer who favors a reduction of the present unbearable tax burden is invited to join with his fellow townsmen in helping to crystallize public opinion and defeat unnecessary additions to federal expense.

Among the prominent members

CIVIC PRIDE

The get-together spirit pervading Jacksonville was well illustrated this past week by the large number of people who took part in the civic pride parade. It was the idea of co-operation with our neighbors in the gathering of the citizens in their own city and with the citizens of that city in their entertainment. The spirit of "service" is the one dominant feature of our citizens.

Of co-operation with our city authorities in the improvement of our streets and of approval of the work being accomplished in the repair of our pavements. This filling of holes and broken places may add years to the life of a pavement. The work is being paid for largely by funds collected from auto licenses, so the cash goes directly into a place to benefit the auto.

Of co-operation with our new Chamber of Commerce in their efforts to boost the business of the city, to bring new enterprises here, to enable that organization to safeguard what we already have, and to so assist with counsel and money as to enable the managers to escape dangerous pitfalls that beset new enterprises and ideals. Jacksonville is vitally interested in this new institution and enthusiastic in its support. Let the managers act cautiously and wisely and carefully study every proposition. Be sure you are right and then go ahead—and you will have every citizen in Jacksonville boosting.

Of co-operation with our board of education in their work of enlarging and improving our public school system. We now have about completed a high school building that is modern and complete and we are just proud of it. It is a costly building, erected at a time when money was close and interest rates high. But the education of our children was most important. The board has done good work and it is now up to them to practice such economy as can be wisely and safely done.

Of co-operation with Illinois College and the Illinois Women's college in the great work they are accomplishing in building up their respective institutions, of increasing endowment, and the advancement that has been made in educational work. These institutions are the pride of Jacksonville and more than any other thing add to its reputation as a city of refinement and intelligence.

And there are so many institutions of which we may boast, just

ly, of commercial and manufacturing enterprises, of our farm lands adjoining, as fine an agricultural section as there is in the country. We are all ready to co-operate with the county fair idea. The fair to be held in September is sponsored by the Farm Bureau and the men at its head are among our best. It will revive an old-time institution and is worthy of support. The showing of the product of our industry and of live stock will enlighten some of the younger generation.

The Wild West show is said to be one of the cleanest exhibits of a vanishing industry, of the time when vast cattle ranches and round-ups were the vogue. It will undoubtedly bring many to the city and deserves the hearty co-operation of every citizen.

The Chautauqua has become one of the institutions of Jacksonville. With an increasing attendance each year the program has been amplified and improved until that for this year is one of the best ever presented here. It is a home institution, ably managed, financially and as to selection of attractions. It is a high grade musical and literary feast. The beauty of the park and its facilities as a camping place has led many families to make the Chautauqua the summer outing of the year, until the number of tents and of the people occupying them have become a feature. Our citizens owe the management their greatest co-operation and support. Each year the program is of the best. Let us give of our best to enable it to grow still greater and larger and more attractive.

Even to our hos, sala and their helpfulness we owe a debt.

To try to enumerate all of the affairs that have been accomplished or in view would be useless. They are so numerous. But they show the spirit in our city today—one of service, of co-operation, of help each other, and of pride.

DECORATE CARS FOR MARDI GRAS PARADE

A large number of local business firms and other organizations have already promised to furnish one or more decorated cars or trucks for the Mardi Gras parade, and the list is still growing.

The Chamber of Commerce has engaged the services of an experienced designer who will, without charge, help in designing and decorating floats for all who call upon him.

Those who have already arranged to have floats in the parade include the following:

PROGRAM OF EVENTS AT ILLINOIS STATE FAIR

Program for Various Days Announced by Fair Management.—Fair Begins August 19 and Ends August 27.

Springfield, Ill., July 30.—The program of events for the various days at the Illinois State Fair, August 19-27, was announced today by the management.

The Illinois firemen's tournament will begin at the fair grounds on Thursday, August 18, the day before the opening of the state fair, and continue over Friday, August 19, the first day of the fair. The tournament will consist of sports, life saving and other feats performed by expert firemen from all parts of the state. In addition to the tournament, a band concert will be given and the usual attractions of the fair will be offered to the public.

On Saturday, August 20, automobile races will be given, some of the best drivers in the country participating.

The principal feature of Sunday, August 21, will be a concert by the famous Thairn band, so popular last year. This band has a complete organization, including opera singers and instrumental soloists.

On Monday, which will be children's day, will begin the judging of livestock in the main coliseum and the sheep and swine coliseum; the attractions of Johnny Jones Exposition Company in Happy Hollow, consisting of 20 shows and four rides; the special program on the track; the circus in front of the grand stand each evening and the society horse show in the coliseum each evening. All of these attractions will be given daily up to and including Friday, August 26.

Tuesday will be Springfield day and County Fair day.

Wednesday will be Veterans day and Peoria day. A large crowd of Peoria people will be on hand that day and veterans of all wars will be admitted to the grounds free of charge. A special program has been prepared for the veterans at which the state commanders of the G. A. R., the S. W. V. and the American Legion will be present.

Thursday will be Illinois Governor's and State Officers' day. Governor Small and all of the state officers will go to the grounds where special exercises will be held.

The feature of Friday, August 26, will be the million dollar live stock parade in which all the prize winning stock will participate. Motion pictures will be made of this parade.

The fair will end on Saturday, August 27, with another series of automobile races run by speed kings of America.

The fair grounds at night will be unusually attractive this year. Three big night shows will be offered including Happy Hollow attractions, a three-hour circus in front of the grand stand and a society horse show at the coliseum. There will be a free gate each evening. The charge at the gate during the day this year will be fifty cents, the same as it has been in the past.

General Manager Lindley announced that practically every seat in the grand stand has been sold for the speed program every day of the fair.

Contracts were signed up today for the bands to be used on the various days at the fair. They include Pavien's Concert band, Savoni's Concert band, two of the best known bands in America; the Capital City band of Springfield, the Danville Municipal band and the DuQuoin Concert band.

The schedule of these bands has been arranged so that plenty of music will be furnished for the fair grounds every day of the fair.

Former Resident Marries Bloomington Girl—Honeymoon at Quiver Beach.

Raymond M. Spears, former resident of Jacksonville, was married in Bloomington last Wednesday. The Bloomington Bulletin had the following story of the wedding:

Tomorrow morning at 10 o'clock in the study of the Second Christian church the Rev. D. N. Wetzel will unite in marriage Miss Helen Schroeder and Mr. Raymond M. Spears. Miss Margaret A. Harder, a friend of the bride elect, and Mr. John Schroeder, a brother of the bride will be attendants.

The wedding frock is of dark blue crepe de chine fashioned in combination with grey. The corsage of flowers is to be Ophelia roses. After the reading of the service a wedding breakfast will be served the guests, relatives and intimate friends, at the home of the bride.

Miss Schroeder is the daughter of Mr. and Mrs. John Schroeder, 1319 West Locust street. She was born and reared in the city and since graduation from the local school and attendance at Brown's Business College, has been doing office work. At the present time she is with Sendelbach & Dunton, plumbers.

Mr. Spears is the son of Mr. J. T. Spears and Mrs. Anna Spears of Springfield. He was graduated from the Jacksonville high school but has lived in Bloomington for some years, traveling out of here for Swift & Co. He is a member of the Elks lodge, of the U. C. T. P. A., the Consistory and the Shrine.

A honeymoon trip is to be taken to Springfield and Quiver Beach. After the fifteenth of August Mr. and Mrs. Spears will be at home to friends at 1395 South Main street, Bloomington, in a charming apartment already furnished and awaiting them.

Funerals

Barnes

Funeral services for Eva Barnes were held from Bethel A. M. E. church at 2:30 o'clock Saturday afternoon in charge of the Rev. R. H. Hackley. Music was furnished by the church choir. The flowers were cared for by Mrs. Maude Arbuckle, Mrs. Birdie Wagner and Mrs. Mabel Beard. Burial was in Jacksonville cemetery, the bearers being Fred Samuels, Essie Bismom, Martin Pearson, Grant Wair, Pollie Naley and Sylvester Arbuckle.

Dunoy

Funeral services for Frank Dunoy were held at the Gillham Funeral Home Saturday morning at ten o'clock. The Rev. Myron L. Pontius, pastor of Central Christian church, was in charge. The body was sent to Vermont, Illinois, for burial.

Celda and Iva Millard are leaving Sunday for North Dakota for a visit of a month or six weeks.

Mr. and Mrs. Cletus Crammond and family of Springfield are visiting with Miss Mary Dunphy, 302 East Wolcott street.

Russell Duncan of Manchester, former Illinois College student, is spending Sunday with friends in Jacksonville.

Henry Norfleet of Sinclair came down to the city yesterday.

New Home Sanitarium

Incorporated
A Private Surgical Hospital
Thru its Public Health Department Says:—

"Our attention has been called to the absence of our Bulletins of Health the past three weeks, but glance at the busy corner, 323 W. Morgan, and you can see why this seeming neglect."

In reality it is not neglect because all spare moments have been used to provide better and more accommodations for those who must join the "Crusade" for better health and longer life by having diseased parts and foreign bodies removed by the knife.

In fact we are endeavoring to make The New Home Sanitarium not only the safest place, but the only logical place, because it is a real Surgical Hospital, devoted to surgical work only, but the most home-like place to be in when having to go thru the ordeal of a surgical operation.

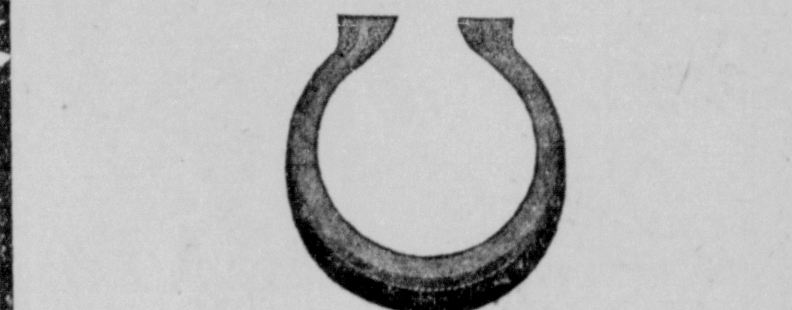

Don't be contented until you see for yourself what a home-like place this really is.

SECRETARY HUGHES CONFERES WITH SIR AUCKLAND GEDDES

Thought to Have Talked
Over Disarmament
Conference

(By The Associated Press)
WASHINGTON, July 30.—Secretary Hughes and Sir Auckland Geddes, the British ambassador, spent more than an hour in conference today discussing, it is understood, the details which must be arranged prior to the delivery of formal invitations to the proposed conference on the limitation of armaments and the Far East.

No official report of the conversation was accorded but it was said that the British government probably would not insist further upon a preliminary conference and would not interpose any serious objection to having the conference convene early in November.

It also developed during the day that the French government is not adverse to November 11, the anniversary of armistice day, as the day for the first meeting, and that unofficially Italy, Japan and China have indicated their willingness to accept that date. It had been suggested that the French desired a later date but that was understood to have been on account, largely, of the Silesian question, a difficulty which in the light of Premier Lloyd George's statement today, at Rome, England, may soon be removed.

Satisfaction with recent developments was expressed by officials and there were indications that the invitations would be sent out early next week.

DOES JAZZ PUT THE SIN IN SYNCOPATION?

A Problem for American Parents

Offering proof that jazz produces a definite demoralizing effect on the human brain, Mrs. Oberndorfer continues: "Jazz originally was the accompaniment of the Voodoo dancer, stimulating the half-crazed barbarian to the vilest deeds."

After pointing out the evils created by jazz, Mrs. Oberndorfer concludes with a plea for good music because of the help and inspiration it can and will give. She says: "The Music Department of the General Federation of Music Clubs has taken for its motto: 'To Make Good Music Popular and Popular Music Good.'" The article shows how the women of America can help the club women carry out this motto in every home firmly, steadfastly, determinedly, until all the music in our land becomes an influence for good.

"Dancing to Mozart minuets, Strauss waltzes and Sousa two-steps would never lead to the corset-check room which now holds sway in hotels, clubs and dance halls. Nor would a girl who wore corsets in those days have been dubbed 'Old Ironsides' and left a disconsolate wallflower in a corner of the ball-room," says Mrs. Marx E. Oberndorfer, National Music Chairman of the General Federation of Music Clubs.

The quotation above appears in an article entitled "Does Jazz Put the Sin in Syncopation?" written by Mrs. Oberndorfer in the interest of better music. This article which appears in the August number of the Ladies' Home Journal, points out how music may become an influence for evil. It directs particular criticism to jazz.

JACKSONVILLE MEN REPORTED KILLED

Frank Walters and Ernest Maderon Killed in Mine Accident in Colorado — Unable to Locate Them Here.

(By The Associated Press)
GRAND JUNCTION, Colo., July 29.—Six men were killed, and six others injured, three seriously, when a tramway car cable slipped out of the swivel late today at the Schuyler Doyle Shale company's plant, the car plunging to the floor of the gulch two thousand feet below.

The cable plant tram line is built on a seven per cent grade and the men had just started from the plant to the valley when the cable parted. It is believed some of them jumped while the car was traveling at a tremendous rate of speed. Their bodies were found all along the route of the tram line.

The dead are:
Louis Felice, Salida, Colo.; George Hines, Glenwood Springs, Colo.; Mark Revere, Salida, Colo.; James Botts, Debeque, Colo.; Frank Walters, Jacksonville, Ill.; Ernest Maderon, Jacksonville, Ill.

Among the injured are:
Nick Vasso of Glenwood Springs and Ray E. Lucas of Fairbury, Neb.

The latest directory gives only one Frank Walters in this vicinity. He resides at 1338 South Main street. When talked with last night he said he had never heard of another man of the name here. The directory does not contain the name of Ernest Maderon.

Alexander people visiting Jacksonville Saturday included G. W. Foster, H. L. Davies, N. T. Brown and Mrs. Marvin Thompson.

INDUSTRIAL COURT HAS PROVED SUCCESS

Governor Allen of Kansas Says its Future is Assured—Nationwide Interest in It.

TOPEKA, Kan.—By the O. P.—After a year and a half of operation, the future of the Kansas court of industrial relations seems assured, Gov. Henry J. Allen declared in a statement recently. "Each of the twenty-eight orders and judgments of the court rendered thus far has been accepted by both sides of the controversy, excepting the last which is now pending on appeal before the state supreme court," Governor Allen said. "Employers and employees alike are coming to regard the court as an up-to-date method for settling industrial disputes."

"The result in the coal mining district has been most striking. Under conditions created by the industrial court last year, the miners were enabled to work 30 per cent more than the year before, with the resultant increase in production of fuel for the public and wages to the miners."

"Interest in the Kansas remedy for industrial war is becoming world-wide. The pressing need for similar legislation in other states has become apparent, and many are preparing to follow the lead of Kansas in providing for justice in labor troubles."

TROUT IN WRONG
BOARDING HOUSE
Yellowstone Park, Wyo.—(By the A. P.)—Thousands of trout are in the wrong 'boarding house' declares Professor R. A. Muttow, of the University of Idaho, who is here trying to figure out a carefully selected diet for each species.

Certain types of trout should be planted in streams where the bugs and insects are to their liking, he believes. And because they are not so planted there is a waste of thousands of fish each year.

"Trout are particular regarding what they eat," he says. "If we can select the right place for the right fish there will be a marked decrease in the number of trout that die. My work is to determine just where various varieties of trout should be and this is based on what bugs and insects they are fond of."

TWO AND ONE HALF YEAR
OLD BOY HOLDUP VICTIM
New York, July 30.—David Fund, two and one-half years old, of the Bronx, has the distinction of being New York's youngest victim of a hold up.

David was left in his baby carriage outside a store tonight while a maid went in to make a purchase. When she returned the carriage and baby were gone. Later the child was found playing in the street minus his shoes and the perambulator was nowhere to be seen.

Detectives searched for the robbers but to no avail.

They predicted that this move would reduce the exchange rate, which has been approximately ten per cent for some time and that it will tend to stabilize financial conditions here in general.

AMENDMENTS ARE WORKED OUT FOR AGRICULTURAL BILL

Pending Bill Proposes Advances to Foreign Governments

WASHINGTON, July 30.—While the senate was in recess today amendments to perfect the pending agricultural credits bill were worked out at conferences of Republican and Democratic leaders. The principal change in the committee substitute for the Norris bill, said to have been agreed upon today was for elimination of the provision authorizing loans to foreign governments or any sub-divisions thereof.

The pending bill proposed advances to foreign governments by the war finance corporation but a powerful group of senators were said to be opposed to any more foreign loans for any purpose at least until funding arrangements covering existing loans are negotiated.

Passage of the bill early next week was planned by the bipartisan group in charge of the legislation. Voting planned for yesterday was postponed because of the illness of Chairman Norris of the agricultural committee, but senators said if Senator Norris continued unable next week to attend the senate the legislation could not be further delayed.

GIANTS BROKE EVEN WITH CINCINNATI

CINCINNATI, July 30.—The New York Giants and the Cincinnati Reds in a double header today broke even, the local club taking the first game 5 to 1 and the Giants the second by the score of 12 to 1. In the first game Marquard pitched a fine game for the Reds while Toney was hit hard and was replaced by Ryan after the fourth inning, who lasted three rounds when Causey relieved him. In the second game New York pounded Luque hard, for four runs in a little over four innings when Miller and Geary followed and neither were able to stop batters. Barnes pitched steadily and effectively. Kelly made his eighteenth home run making a tremendous drive over the left field wall.

Score—First game:
New York 000 000 001—1 6 3
Cincinnati 021 300 02x—8 12 1
Toney, Ryan, Causey and Snyder; Marquard and Wingo.

Second game:
New York 011 251 110—12 18 6
Cincinnati 000 000 001—1 5 2
Barnes and Smith; Luque, Miller, Geary and Hargrave, Douglas.

The splendid hitting of the veteran, Wheeler Johnston and good pitching by Coveleskie enabled Cleveland to win an easy victory over the New York Americans in the first game of the series by the one-sided score of 15 to 1. Johnston clinched the game for Cleveland while Shawkey was pitching. His home run in the second drove in three runs while his triple in the third sent in two more runs and knocked Shawkey out of the box. Johnston's single off Collins in the fifth sent in two more runs.

Coveleskie held the Yankees to seven hits, one of them being Ruth's thirty-seventh home run of the year, a terrific drive into the bleachers.

A SLUGGING DODGER

Hi Myers is a great ball player when he's having his year. Looking back over his record, you find him starring in the Minors, but failing each time he came up for a try in the big circuit. When he had failed in 1909 with the Pirates, the Dodgers tried him out two or three times before he stuck. Each time he was sent back. He pasted the offerings of the minor league pitchers to the tune of 330 or better, and was also one of the leading base stealers in the sticks. But the minute he hit the big works his eye seemed to leave him and before the season was well under way Hi would find himself back among the tall timber.

That was up until 1914.

Hi came to stay the middle of that season, and he's been a winning factor with the Dodgers ever since.

Myers is an unerring judge of a fly ball; is extremely fast and can start like a flash in any direction, and possesses an excellent arm that has cut down more than one overly ambitious batsman who has tried to stretch a single into a two-bagger. His close study of the batsman enables him to play his position wisely and to use his great speed to the best advantage. On the defensive he is flawless.

The fact that up until last year Hi never attained the 300 class in hitting, has been the only thing that kept him from being rated among the really great outfielders. Just what transpired to convert him into a real, sure-enough batting demon last year is hard to say. He not only hit over 300, but was a tremendous slugger as well. But his old radical streak is showing again this year. While his fielding is up to standard, he is not hitting the ball anywhere near his last season's clip.

ST. LOUIS WON SECOND OF SERIES

ST. LOUIS, July 30.—St. Louis bunched its hits off Grimes and won the second game of the series with Brooklyn today 4 to 6. Five bases on balls and wild pitch aided the locals materially. Umpire Hart officiated behind the bat without a coat. It was said to be the first time an umpire worked here behind the plate in his shirt sleeves. President Heydler of the National League was a spectator.

CUBS BREAK EVEN WITH PHILADELPHIA

Chicago Wins First 8 to 7 and Loses Second 6 to 5—Both Games Marked by Free Hitting—Rapp Hits Safely in 26th Consecutive Game.

CHICAGO, July 30.—Chicago and Philadelphia broke even in a double header today, the locals winning the first, 8 to 7, while the visitors won the second, 6 to 5. The Cubs came from behind in each contest, overtook their opponents in the initial game and then on a shy of tying the count in the ninth of the second game. Both contests were marked by free hitting. Rapp hit safely in each contest and now has a record of safe-hitting in twenty-six consecutive games.

CALLS FORMER SOX MURDERERS OF SPORT

Edward Prindiville for State Demands Maximum Punishment, \$2,000 Fine and Five Years in Penitentiary.

CHICAGO, July 30.—Branding the indicted White Sox players as "murderers of sport, who if allowed to go free would ruin baseball just as racing and boxing were ruined," Attorney Edward Prindiville today concluded the first half of the state's closing argument in the baseball trial.

Monday the defense will begin the ten hours of argument allotted it with indications that Judge Friend will hold court long enough for the nine attorneys to finish their pleas. The state will make its final rebuttal Tuesday and the case should be in the hands of the jury the same day. Six weeks will have been taken up then. Mr. Prindiville demanded maximum punishment for the indicted men.

"These men are killers," he told the jury. "They conspired to kill baseball, to murder our greatest sport, to defraud the public and their comrades—even to defraud the children of the country—our children and my children who pay their bleacher admissions to watch their heroes play a game they believe to be honest. A murderer deserves the utmost in punishment."

Eddie Cicotte, Joe Jackson, Happy Felsch, Buck Weaver, Claude Williams, Chick Gandil and these gamblers conspired to murder baseball and I demand that you twelve gentlemen inflict the maximum punishment of a \$2,000 fine and five years in the penitentiary on each of them."

WASHINGTON WON FROM DETROIT 4-3

TO MAKE 100 RUNS

Home Run King Has Registered 101 Times—Heilman Still Leads Batters—Hornby Its First in National—Leaders in Other Circuits.

CHICAGO, July 30.—Babe Ruth, baseball's home run king, has the distinction of being the first player in the major leagues to pass the century mark this season in runs scored. The American League slugger has registered 101 times for the Yankees. In the National League Frank Frisch of the Giants leads in runs scored with 77, according to averages released today which include games of last Wednesday.

Ruth batted out only three singles in the four Yankee games since completion of the last averages, but stretched his total base record to 259 bases. This total is the result of 113 hits, which include his 36 home runs, which are unchanged from a week ago, 23 doubles and 7 triples.

Ruth is batting .355. Harry Heilman, the slugging outfielder of the Detroit Tigers, was the only member of the leading seven batters, who have played in 55 or more games, who added to his mark of a week ago.

He added one point and is heading the list with an average of .430. Ty Cobb, pilot of the Tigers, dropped a point, but continued to trail his outfielder with an average of .389, while Tris Speaker, manager of the world's champion Indians, slumped three notches and is just behind the Georgia peach with .381.

S. Harris of Washington added a brace of stolen bases to his string and is showing the way to the base stealers with 19. His closest rival is George Sisler, the St. Louis star, who is trailing with 16.

Other leading batters: Tobin, St. Louis .378; Reverett, St. Louis .356; Williams, St. Louis .352; Veach, Detroit .351; E. Collins, Chicago, .351; Sisler, St. Louis .354; Sewell, Cleveland, .346.

George Kelly of the Giants got back into his home run stride during the past week and cracked out four circuit drives, bringing his total for the season to 17, according to averages released today including games of last Wednesday.

Musel, New York, formerly with the Phillies and now a teammate of the slugging New York first baseman, and Rogers Hornsby, the St. Louis star, are Kelly's closest rivals for four-ply drives, being tied with 12.

Hornby, who brought his total base collection to 275 during the past week, continues to top the National league batters with an average of .416. He made his total base record on 147 hits, which included 26 doubles and 13 triples.

Pop Young of the Giants has tied Catfish of Pittsburgh for the runner-up honors to Hornby for players who have participated in 55 or more games. They are tied with 362, while McHenry of St. Louis is next with 358.

Frisch of New York who with 77 is high man for runs scored in the league is out in front among the base stealers, having lifted two bases during the past week. His string now is 28.

Other leading batters: Musel, New York .354; Maranville, Pittsburgh .341; Fourrier, St. Louis .340; R. Grimes, Chicago .339; C. Williams, Philadelphia .339; Maisei, Chicago .333; Roush, Cincinnati .333; Mann, St. Louis .333.

Reb Russell, the hard hitting Minneapolis outfielder, failed to add to his home run record and Bunny Brief of Kansas City smashed out one four-ply blow and tied the big southpaw slugger at 21 apiece. However, Russell continues to top the batters of the American Association with an average of .374 as compared with .387 a week ago. He brought his total base record to 250 on 135 hits, which besides his circuit drives include 24 doubles and 14 triples.

Del Gainer of Milwaukee is the runner-up to Russell with a batting average of .368, according to averages released today and which include games of last Wednesday. The averages are for players who have participated in 55 or more games.

Baird of Indianapolis burned up the paths the past week and lifted five bases, stretching his string to 43.

Other leading batters: Kirke, Louisville .367; Lear, Milwaukee .364; Good, Kansas City .363; Brief, Kansas City .358; Gearin, Milwaukee .357; Thorpe, Toledo .350; Fisher, Minneapolis .346; Acosta, Louisville .341.

Omaha's slugger, Smiling Jack Lovell, cracked out four circuit hits since the completion of the last averages and so fattened his lead among the batters of the Western League. Lovell is hitting .438. The averages are of players who have participated in 55 or more games and include games of last Monday, Tuesday's box scores failing to arrive on time.

With his 178 hits Jack has brought his total base record to 253. His hits include 41 doubles, 8 triples and 6 homers. He also is right behind East of Wichita, for honors in runs scored. East is out in front with 92 runs to his credit while Lovell has registered but one.

Homer of Oklahoma City slumped a few points but continued to be runner-up to the league leader with an average of .410 while East is hitting .394. Blakesley of Wichita by cracking out a circuit drive during the past week has tied P. Griffin of Omaha for home run honors. East is credited with 17. Griffin failed to add to his string during the week.

Erney, the first 100 runs player

player, stole three bases and is showing the way to the base stealers with 25.

Other leading batters: Fisher, St. Joseph .352; Moak, Sioux City .346; P. Griffin, Omaha .353; Cady, Joplin, .352; Massey, Omaha .351; Lee, Omaha .349; Davis, Tulsa .349; Hamilton, Joplin .348.

GAMES FOR DAVIS CUP
WILL BE INTERESTING

Great Wealth of Players Are Competing in Elimination Contests.

New York, July 30.—With a wealth of tennis events that exceeds anything previously offered the American public scheduled this season the attention being drawn to the Davis Cup matches has served to increase rather than to lessen the interest in the approaching National Championship. This climax of the tennis season in the United States comes the week of September 9th when the historic tournament begins for the first time on the coasts of the Germantown Cricket club at Philadelphia.

It is easy to understand the eagerness with which this tournament is anticipated when it is realized that the championship will doubtless bring together the most representative entry that has ever been assembled on American courts. Not only William T. Tilden, 2nd, present champion and William M. Johnston, former title holder, who at present share the honors of being the greatest team in the world, will be in action at Philadelphia but there will also be seen the most famous players in the United States and many other leading tennis nations of the world.

The British Isles team, which includes Maxwell Woosnam, O. G. N. Turnbull, J. B. Gilbert and F. G. Lowe are expected to enter. Lowe is a veteran of previous international matches. Woosnam was star at the Olympic games of 1920. Turnbull has won many doubles events in England and Gilbert won the All-England Plate at Wimbledon this year.

Representing Japan are likely to be Zenzo Shimidzu and Ichihara Kumagae, their Davis Cup team. Seishiro Kashi, who is the third member of the team, also is expected to compete. Nothing definite is known regarding the plans of Jacob, Sleem, Deane and Fyee who represent India. The fact that they defeated France in the Davis Cup contest stamps them all players of ability and it is hoped that they will remain in the United States for the championship. The Australian team of youngsters, including Norman Peach, E. O. Anderson, J. B. Hawkes and Clarence V. Todd, will probably stay for the championship, and it is likely also that Tegner Henriksen and Ingersley, who come from Denmark, will remain for the tournament at Philadelphia.

Against this foreign invasion, the United States will muster its strongest players. A notable California entry is assured this year by the fact that in addition to William M. Johnston, the Pacific Coast will be represented by Willis E. Davis, Robert and Howard Kinsey. If the California collegians, Bates and Levey of the University of California and Neer and Davies of Leland Stanford, can remain in the east long enough, they also will try for the title. In addition to the foregoing it is certain that such players as R. N. Williams, 2d, Wallace F. Johnson, Watson Washburn, Charles S. Garland, Vincent Richards, S. Howard Voshell, Walter M. Hall, Dean Mathey and others of like ability will be in the tournament. To arrange an event of such importance is no small task; but the preliminaries are being well handled by the Germantown Cricket club's committee of which Samuel H. C. is chairman. Officials for the championship will be furnished by the Tennis Impres Association, under the direction of R. Clifford Black.

The club is arranging several entertainments that will add to the pleasure of those attending the tournament and from previous indications it promises to be the most successful of any that have been held in the United States.

DETROIT IN A. A. U. EVENTS

Detroit, Mich.—Detroit will be represented in the Central A. A. U. track and field championships meet at Chicago, August 12, by four and probably six athletes, it is announced. This will be the first time in nearly twenty years that the city has been represented in an out of town Central A. A. U. meet.

George Hester of the Detroit Northern High School, state champion in the 100 and 220 yard dashes; Hector Phillips, Detroit Y. M. C. A. distance runner; Charles Foster, Y. M. C. A., a walker, and J. C. Shea, of the Detroit Young Men's Order, hurdler have been definitely selected by the Detroit Amateur Athletic Association to make the trip.

MICHIGAN MEN TURN PRO

AND ARBOR, Mich.—Three members of this year's graduating class of the University of Michigan have laid aside the cap and gown for the spangles of professional baseball, two entering the American league and the third, the Central.

Vernon L. "Slicker" Parks, former university pitching mainstay who was barred from college baseball this season by a charge of professionalism, signed with the Detroit Tigers. Jack Verrin, an outfielder, joined the Boston Red Sox, and Peter Van Roven, infielder, is at second base for Grand Rapids, his home.

A good many loads of muskmelons came to the city yesterday and all looked like a good crop.

GRAND CIRCUIT AT
COLUMBUS CLOSES

Single G Wins Free for All Pace—Dardanella Steps Mile in 2:02½ in 2:13 Pace.

COLUMBUS, O., July 30.—Columbus' mid-summer Grand Circuit race meeting came to a close here tonight with a day crowded with seven events, two of them left over from Thursday as unfinished. The track was superb and fast time was made for the class of horses on the program. The 2:08 trot, the Southern Hotel stake, which was won by Great Britton after four heats established a new world's record for a four heat trotting race. The previous record was held by Bland since 1918 when he won the Transylvania at Lexington. Eliza Dillon won the third heat of the 2:08 trot in 2:03½. The other times were 2:04½; 2:04½; 2:05.

Single G won the unfinished free for all pace in 2:00½. Dardanella, winner of the 2:13 pace, stopped the first heat in 2:02½ and was not all extended. The 2:10 trot was a split heat affair, Miss Ellen Todd, purchased just before the race by Charles Schade of Pittsburgh, finally winning it. The 2:06 pace was won by Logan Hedgewood in straight heats. Abbe Hal was the original favorite.

INDEES AND WHITE
SOX AGAIN TODAY

Local Teams Play Second Game of Series—Reported Sox Have New Hitter.

The Indees and White Sox will continue their quarrel at South Side park this afternoon. The Indees took last Sunday's game by a score of 4 to 2.

The Sox, however, threatened several times in that game and hope to show the necessary punch this afternoon to put the runs over when men got on the paths.

It is reported that the White Sox will have a hurler from Harrisburg on the mound today. Manager Smith will pin his faith on Padgett again.

The two teams so far as is known will line up the same as last Sunday. Play will be called at 3 o'clock. From the interest shown last Sunday and the conversation of the fans thruout the week there will be a big crowd out for the second game of the series.

140,000 GALLONS GAS USED HERE IN JULY

According to figures kept by the police department, Jacksonville gas and oil dealers handled fourteen tank cars of gasoline and two cars of kerosene. The average tank car holds about ten thousand gallons.

Each car of gas or oil received for sale here is taxed by the city.

AGED COUPLE
ON CAMPING TRIP

Yellowstone, Wyo. Levi Sham-bow and his wife, both more than 75 years of age, of St. Cloud, Florida, arrived here recently in their auto on a camping out trip that will take them about 10,000 miles.

Leaving their Florida home they traveled from the south through the middle west to Wyoming, Montana, and then to Yellowstone Park. Sham-bow, who is topping the 76 mark drove, and "made camp."

"We've found the outdoors the best remedy for old age," commented the aged adventurer. "Staying young has been with us pretty much a matter of roughing it every once in a while. There's nothing like it."

AGED WHITE HALL RESIDENT IS DEAD

James Gardiner Passed Away Friday at Age of 80 Years—Other Greene County News.

White Hall, July 30.—James Gardiner, who would have been 90 years of age next September, died in his home on West Bridge street at 10 o'clock a. m. Friday. Funeral services will be held in the M. E. church at 2:30 p. m. Sunday, conducted by the pastor, Rev. J. O. Kirkpatrick, and the burial will be in the White Hall cemetery.

The deceased was a native of England, coming to America when he was past thirty years of age. Preceding him were his brothers, George and Joseph, and it was on one of the return trips of the latter that our subject accompanied him to this country. Joseph is now deceased. George, a citizen of White Hall, and two very aged sisters in England are the only surviving members of the family.

Our subject until recent years has resided in Greene county practically during his entire residence in the United States. For a great many years he farmed on the Morfoot place near Carrollton, and for a period of eight years on leaving that place he resided in Colorado, returning to White Hall a few years ago. The children are George Gardiner of Springfield, Mrs. Frank Ickes of East Moline, Henry and Mrs. Everett Campbell of Colorado, Mrs. Ed Sullivan of Carrollton and William of White Hall. He was twice married, his first wife having been dead for a great many years and the second wife survives.

He was a member of the M. E. church and the M. W. A. order, and one of the highly respected

citizens of long standing.

News Notes

The Methodists are holding their annual picnic on Gregory Park today. The grounds were in good condition by noon for the event, last night's heavy rain having soaked in very rapidly. There is a large attendance.

Senator Harold Kessinger of Aurora, will be the leading speaker at the Greene county agricultural picnic at Gregory Park, Aug. 13. The full program for this important event will probably be announced next week.

Two race horses will leave Saturday on the fair circuit. They are C. R. Amos' Billy Dillon, a green pacer, and Col. L. L. Seely's Sterling Dillon, 2:14 by Sidney Dillon. They will be at Mt. Sterling next week, and thence Galesburg, Springfield and Danville.

Slate, tin or tile roofs, quickly repaired. We have the best material, the tools, equipment and expert mechanics.

PATTERSON-KLINE CARNIVAL GOOD

The Patterson-Kline carnival company closed a week's engagement in the city Saturday night. There was a large crowd as usual and everybody was well pleased with the entertainment.

A new era in carnival companies was inaugurated by the coming of the Patterson-Kline shows. The company had the cleanest shows ever seen in a carnival in Jacksonville.

While the attendance was not as large and the company did not get rich here it demonstrated that a carnival can be operated successfully on a high moral plane. With better financial conditions the company would have made money on its week's stay.

Everybody who attended the carnival spoke in the highest terms of the high class of the shows and the courteous treatment accorded by the management and employees. It is to be hoped the Patterson-Kline shows will place Jacksonville on their itinerary annually.

LOCAL TRUCKS BRING SEATS FROM SPRINGFIELD

McNamara & Company and Jenkinson-Bode Company, furnish the Trucks—Haul Seats and Walls for Roundup Show.

Two loads of seats and walls for the round-up arena arrived in the city last night at 8 o'clock from Springfield. The trucks will return today for the remainder of the tents, box offices and fence needed to build and equip the Stout lot into a suitable place to stage the Rodeo that opens here next Thursday.

These trucks were furnished by McNamara and company and the Jenkinson-Bode company, thru an oversight the McNamara & Co. truck was not mentioned in the Courier as making the trip. This company very kindly furnished their truck and two men free of charge, the Jenkinson-Bode truck was also furnished free.

With the return of the trucks this afternoon all the material needed will be in the city and the work of building the arena will be started Monday morning.

Leonard Stroud the arena director is in the city to direct the work of building arena and will remain here until the show is over next Saturday.

ROOF WORK. Gutters, down fall in copper, galvanized or tin quickly repaired by men who know how and save time. No job too big and none too small.

Bronze Tablet Polished

The two bronze tablets on the court house bearing the names of Revolutionary soldiers buried in this county have recently been polished and now present a very handsome appearance. The task of securing the names of all such soldiers buried in the county, and later of marking their graves, has been completed by Miss Effie Eppler, chairman in charge of this particular undertaking fostered by the D. A. R. This county has the largest number of Revolutionary soldiers' graves of any in the state with the sole exception of Sangamon, and the task of locating these graves and having them properly marked was a huge one.

Our clean-up sale now means a great saving. Read our ad on page 3.

PLAY WAS PRESENTED AT LITERBERRY

The young people of the Literberry Baptist church presented a play, "The Little Clogdancer," at the church last night. Admission to the play was free but ice cream and cake were served during the evening and a goodly sum realized from the sale of these refreshments. The play was given by a capable cast and was greatly enjoyed by all present.

JACKSONVILLE, ILLINOIS

SECTION TWO

SUNDAY MORNING, JULY 31, 1921

MURRAYVILLE I. O. O. F. PICNIC

Annual Event Will Be Held August 3—Excellent Program Planned With Address by Prominent Members of the Order.

Governor Small being on his vacation at this time we were unable to secure the proclamation which would make it a legal holiday, but we are planning for a big time with no strings on it. The entertainment committee have arranged their program so that one sensation will follow another so closely (like a three ring circus) it will keep you stepping to get all of it. We have procured for your entertainment and amusement, the celebrated Woodson concert band, a quartette of colored brethren and the Ramblers, who will make the big noises, and some of our local talent who will make some noise between times.

Programme
11:30—Song, by the Tennessee Jubilee Singers.
12:00 to 1:00—Arrange your appetites for the afternoon.
1:00—Music by the band.
1:30—Song (How the Baby Learned to Swear) Rimbey Family.
1:40—Address, Dr. C. A. Rob-

bins, Grand Master, I. O. O. F. of Illinois.
2:20—Jubilee Singers.
2:30—Reading (When My Husband Had a Fit)—Jane Wright.
2:40—Solo (How to Love Your Husband), Dorothy King.
2:45 to 4:00—To throw at the dolls, and meet all the new babies.
4:00—Band.
4:20—Duet (Chickens) Iva Short and Mildred Wright.
4:30—Address, John H. Sikes, Grand Secretary I. O. O. F. of Illinois.
5:20—Jubilee Singers.
5:30—Band.
5:50—Ladies Quartette (Meet Me in the Moonlight Alone).
6:00—Inventory of appetites.
7:00—Band.
7:30—Jubilee Singers.
8:00—Moving Pictures (7 reels).
10:00—Refreshments.
12:00—Good Night. Those wishing to remain longer will be left in charge of Chief Hogue for entertainment.

Our old friends, the Ramblers, have all promised to be present on this date, coming from various parts of the U. S. and while some of them are wearing 44-inch belts, they think they can still be depended on to eat 'em alive. Game called at 2:45 Ramblers vs. Roodhouse Nationals which is a good team and expect a thrilling game. The dinner stand will be in charge of the Ladies' Aid of the

M. E. church who knows what you like and how much you can eat. The burgoo soup will be under the auspices of the ladies of the Baptist church, who are fond of water but like their soup good and thick.
The ice cream stand will be taken care of by 139 of the liveliest Rebekahs you ever met.
The huckster will be presided over by 141 Odd Fellows of various kinds of dispositions, who will fall over each other giving you service.

Athletics
Pony race, (boys under 15 years), \$1.00, 50c.
Pony race, (girls under 15 years), \$1.00, 50c.
Bicycle race (boys under 15 years), \$1.00, 50c.

All prizes given by Murrayville Lodge No. 415 I. O. O. F.

RED CROSS PAGEANT AT OUR CHAUTAUQUA

The chautauqua program for Friday August 19th will be unusually attractive as the Chautauqua management and the Morgan County Chapter of the Red Cross have arranged a novel, interesting and spectacular program.

The music for the day will be supplied by the Chicago Operatic company, John B. Miller's company of Chicago vocalists of national fame, with a grand concert in the afternoon and a concert in the evening.

Mr. Walter Davidson, director of the central division of the American Red Cross will speak in the afternoon.
Racco, the clown, a veteran of the World war, will be upon the grounds in the morning and afternoon with all sorts of comical stunts.

Mrs. Fulton, with her exhibit of re-made garments will be present and will speak on garment conservation.
The pageant "The Red Cross in Peace" will be presented on the platform after the evening concert. This pageant will be under the direction of Mr. John Kearns and will use about two hundred people in the cast. With its costumes, decorations, etc., this will be a spectacular and graphic presentation of the peace work of the Red Cross.

The Red Cross will also maintain during the chautauqua a First-Aid Red Cross tent in charge of Miss Reicke, the Morgan county Red Cross nurse.

The central division of the Red Cross is greatly interested in the program of the day and is inviting all Red Cross chapters and branches in this section of the state to send representatives to view the pageant and hear the program.

ILDERIM TEMPLE IN FINE SHAPE

Dokay's in Better Shape Than Ever Before for Imperial Palace Meeting—Large Number Will Make Trip to Chattanooga.

In better shape than ever before in its history, Ilderim Temple D. O. K. K. Brigand team and a large number of members of the order will leave next Sunday morning for Chattanooga, Tenn., to attend the fifteenth annual session of the Imperial Palace, to be held August 9 to 12.

The Brigand team, comprising sixteen men and two substitutes in charge of Captain Reinhart has been drilling faithfully for the event and expect to bring home some of the bacon.

In addition to the Brigands, the Roodhouse members of the local temple are all set to go. They have a drum corps of fourteen men with all new equipment and they say they are all live wires.

Ilderim Temple's quartet, James Guyette, Ben Denney, C. B. Magill and Maurice Peckham are booked for the trip. This quartet is known far and wide and will show them something down in Tennessee.

The Brigand team which was re-organized last fall is composed of all new blood. Capt. Reinhart has been working hard with the men and they have plenty of "pep" and should make a fine showing.

Jewell E. Scott and Carl E. Robinson are representatives of the local temple. Each temple is required to put on a ten minutes stunt on stunt night. The local temple will put on the "SSEPulcher of Sin" with Frank Bracewell as Tolphi, C. B. Magill as the victim, Crum Cleary and Clarence Swaby as attendants and Carl E. Robinson as guide.

The local delegation will be pointed at Roodhouse by the drum corps and other members who are making the trip. The party will remain in St. Louis all day and take the Dixie flyer over the L. & N. railroad, The Los Angeles, St. Louis and Mattoon delegations will be on this train.

A stop of three hours will be made at Nashville Monday morning. The party will arrive in Chattanooga at 4 o'clock Monday afternoon. Reservations for the party have been made at the Read house.

MA VERICKS

This is Roundup Week.

That small twister which appeared near Bloomington the other day must have been the tail end of the political cyclone that struck Springfield a few days ago.

United Mine workers to Wingo county, says a Quincy Herald headline. They will need wings to get out, judging from conditions the last few months.

President Harding goes to Plymouth on the Mayflower.

However it hasn't the capacity of the old Mayflower, which judging from the descendants must have been some boat.

The dispatches tell us that President Harding is considering several names for the job of governor of the Philippines. If the president is unable to get a man to suit him we would consider the appointment.

The Bergdoll case ends finally and peacefully in the word sent out of Washington. That is the way most of the investigations end and the people pay the bill without getting any returns.

Bootlegger won race at Montreal last Monday. Upon perusal, however, we found it a boat and not of the variety abundant in this vicinity.

A Chicago saloonkeeper was robbed of \$3,400 last week. We can't understand how he got that much money together just selling soft drinks.

Bryan Downey gave Johnny Wilson a rude surprise in Cleveland the other night. Wilson is supposed to be the champion middleweight of the world but many people have suspected him of being a phony champion. Downey partially demonstrated it. Perhaps if Wilson gets up courage enough to carry out his match with Mike Gibbons he will get a complete demonstration.

Board of Trade officials deny there is corner in the rye market. Just why anybody should want to corner rye unless it had been converted into liquid is something we are unable to understand.

We need more men like that Pullman porter who knocked a gunman's weapon from his hand and then proceeded to kick him off the train he was attempting to hold on. The had man proved to be Thomas O'Connor, one of the worst gunmen in Chicago and hunted for the killing of a detective in that city. A little more of the same kind of treatment for some of our youthful desperadoes might stop a lot of the present epidemic of crime.

GOOD NEWS FOR SMALL

WILL ENTER SUIT AGAINST DISTRICT

Illinois Valley Protective Association Has Been Advised to Enter Suit Against Chicago Sanitary District.

PEORIA, Ill.—(By A. P.)—The Illinois Protective association has been advised by its legal counsel to enter suit against the Sanitary District of Chicago to halt pollution and flooding of the Illinois river, and expects to decide its action within a few days. Eugene Brown of this city announces. Mr. Brown is president of the association.

In explanation of its aims, Mr. Brown added:

"The Illinois Valley Protective association was organized by residents of the Illinois Valley to improve the conditions of the Illinois river. It is composed of manufacturers, farmers, merchants, lawyers, engineers, land owners and other residents of the Illinois Valley.

"The situation which this organization primarily set out to better was the sanitary conditions in the river and the flood conditions.

"As is well known the Sanitary District of Chicago is using the Illinois river for an outlet for the sewage of Chicago and surrounding country, and in order to dilute the sewage the Sanitary District is allowed to turn water from Lake Michigan into the Illinois river to the extent of 4,167 cubic feet a second. The amount was determined by a permit from the War Department.

"Since that permit the flow has been increased to as high as 18,000 cubic feet per second at times, and an average of some 8,500 cubic feet per second, which overflows large areas of land, carrying sewage, and also endangers embankments, villages and crops at high flood times.

"It is to correct this flooding and this unsanitary condition of the river causing death of fish and loss of farm crops and homes that the Illinois Valley Protective association is directing its activities."

Rheumatism of the Feet

It is not at all unusual to find a person doctoring for rheumatism of the feet and hands when by examination it is found that falling arch or flat foot is the cause of the pain. In other cases flat foot results from a rheumatic condition of the system. In either case Dr. Scholl's Foot Appliances should be carefully fitted and worn inside the shoe. The strain is immediately relieved, the foot carefully supported and weight equalized, which has a soothing, restful effect even in the severe cases. Stop in and let us show you. HENRY M. PINDELL IS VETERAN EDITOR

Owner of Journal and Transcript Has Been in Game Since 1884—Was Original Wilson Man in West.

PEORIA, Ill.—The rise of Henry M. Pindell, editor and owner of the Peoria Journal and the Peoria Transcript as well as of their joint Sunday edition, is one of the most rapid and conspicuous of recent Illinois newspaper history.

Graduating from De Pauw University in Indiana in 1884, Mr. Pindell at once entered newspaper work, first on The Wabash, Ind., Times then at Chicago on The Tribune, and at Illinois Capital on The Illinois State Register. Within three years after he left college he was serving as city treasurer of Springfield. At the close of his term, in 1889, he founded The Herald at Peoria. A little later he purchased The Transcript and consolidated the properties.

Selling The Herald-Transcript, he bought The Journal, an after-

noon paper, and greatly developed it. Five years ago The Transcript came back into his hands through purchase. He operates both The Journal and The Transcript, afternoon and morning papers, from the same plant.

Widely known in the newspaper field, Mr. Pindell in the last decade came to general public notice through his relationship with President Wilson. His early championship of Mr. Wilson let him later lay claim to title as the "original Wilson man" in the west. He took the lead in Illinois in the pre-convention campaign for Mr. Wilson's first nomination by the Democratic party, and became an intimate friend of the President. In January of 1914 he was appointed ambassador to Russia, but declined after confirmation by the senate.

Mr. Pindell drafted the Illinois law for non-partisanship in local government under which a score of cities have acted, and contributed to forcing the repeal of the notorious "Allen" and "Humphrey" street railway acts.

The Famous White Hussars Singing Band and Orchestra

A Great Male Chorus Battalion of Musical Comedians. Headliners of Keith-Orpheum Circuits Four Years A Chautauqua Feature—Not "The Same Old Thing."

Harry Dunbar's name is known to all who have kept in touch with American musical entertainment during the past twenty years. It stands for "excellence" in music and entertainment. During the past season he presented three operas in Jacksonville, all superlatively well done. Years ago his bell-ringers were leading attractions.

For several years he has conducted his White Hussars in which each member is not only a band musician but a singer and orchestral player as well. The demand for the White Hussars is such that Mr. Dunbar has now on the road three White Hussars Bands, one of nine, one of twelve and the one which comes to our chautauqua of 18 members.

Eighteen of the most talented bandmen, singers, comedians and actors of the various Dunbar organizations compose this band. Most of its members were with the Carmen company which was here last fall. The White Hussars' programs are made up of a wonderful variety of band selections, vocal numbers, novelty features and specialties. The band not only plays the newest in popular music but also puts on a number of vaudeville features for its members include many splendid comedians and dancers.

Clothed in beautiful white and gold uniforms and using gold instruments the bandmen present a nifty appearance on the stage. They are all young and good looking and every one is an American. The White Hussars band is probably the most popular musical attraction on the chautauqua and vaudeville circuits and will be at our chautauqua for two concerts daily for three days.

On the chautauqua program are four other superior musical companies, the Rainbow Division Band, the Chicago Operatic Company, the Barnells and the Zedeler Quintet. This array of superlatively good music will provide a real music festival.

The only way to really enjoy this wonderful musical program is to secure a season ticket.

With Morgan County Poets
From the July number of Current Opinion, we learn that makers of song "are ambitious to have a House of Poets in New York that shall correspond to what is known as the House of Song in London. As N. P. Dawson reports, in the New York Globe, one object of the proposed institution will be to demand that newspapers give, if need be, less space to sports and scandals and print a column of poetry every day at a fair rate of payment to contributors."

Mr. Bartlett contributes to this issue from Staunton, Illinois, the he was born and reared in Morgan county, and went into the war as a Morgan county soldier. Miss Grassly's poem has had previous publication in "Sports Afield."

JUST YOU AND I
Come! Day is nigh! We'll hie us to the woods,
And watch the shadow-fairies steal away.
We'll listen to the song of woodland elves,
And with them greet the coming of the day.
We'll drink the fragrant dew of happiness,
And chase the merry sunbeams to their lair.
We'll steal some busy fairy's skein of gold,
And match it with the glory of your hair.
And when the laughing day is gone to rest,
We'll watch the shadow-fairies come and play.
We'll listen to the songs of shadow sprites,
And with them wait the coming of the day.
We'll watch the Mother-Moon, high in the sky,
With rays of rarest gold bedeck the streams.
We'll steal a few bewitching magic strands,
And weave the golden fabric of our dreams.
—WILLIAM A. BARTLETT, Jr.

THE LURE OF THE PEAKS
The sun has kissed the earth to a glow
Where the hay fields are ripe and the willows grow;
Where the great host of flowers climbs the hills
And their feet are wet with a thousand rills
That flow from the everlasting snows
On the peaks above. The valley glows;
The mountains brood with a smile benign
O'er the hills and fields, for 'tis summer time!
The yellow sage is well in the bud;
The warmth has made of the snows a flood;
Mountain torrents crowd the ravines;
Creeks and rivers sing, till it seems
That the gorges are one vast psalm of praise,
And the earth is filled with the voice they raise—
A paean of victory over the cold.
The valley gleams with a sheen of gold;
The slopes in emerald velvet are clad;
Man lifts his face to the hills and is glad,
And he feels in his heart the lure of the peaks,
And, packing his knapsack, adventure seeks.
—JANE FRANCES GRASSLY.

FARM BUREAU NOTES
Second Brood of Chinch Bugs
The second brood of chinch bugs is just beginning to appear in the field at this time. The maximum damage will not show until the last of August or first of September. In areas where the second brood is developing in numbers sufficient to cause damage during the remainder of the summer, those are the places where W. P. Flint, chief field entomologist advises an intensive burning campaign during the coming winter.

Posters as Weapons—The U. S. Grain Growers Inc. are beginning their campaign by putting up posters in each township telling why farmers could market their own grain. The board of trade is sending out posters against this organization asking all elevators to tack them up. Robt. N. Clark, state organizer, of Illinois for the U. S. Grain Growers Inc. requests all farmers elevators not to assist the opposition by complying with this request. In all probability the officers of the various farm bureaus will back up Mr. Clark in this matter.

The mystery of the Cars—Dr. George N. Coffey, state leader of county agents, has ventured an explanation of the car shortage of last year and the abundance of cars this year. He says I do not have any definite figures at hand, but it seems to me if we could get the figures showing the amount of business that is being carried by the railroads at the present time is compared with the time when there was a shortage of cars, we would probably find the explanation of this mystery. He understands that there was many loaded cars at seaboard points during the car shortage period, which also tended to reduce the number in actual operation.

What Does It Cost to Produce Corn?—E. D. Funk of Bloomington has been asked to appear before the special joint commission of agricultural inquiry relative to the cost of producing corn. If any one in Morgan county has any figures showing the cost of producing previous to the war or after the war, he would like the information in the next few days.

Constitutional Convention of State Police—We are in receipt of a communication from the State Police Auxiliary committee asking that our membership express themselves in regard to the "constitutional convention" providing for a state police force. The arguments given are good. They state that the modern state should have its own police; that it would make Illinois a better place in which to live and do business; that it would prove an advertisement for the state; beneficial to city, town, village and all the people; that it would raise new capital to seek Illinois and finally it would reduce the tax rate.

Rejuvenating Alfalfa Meadows—Only a limited amount of information is available concerning rejuvenating alfalfa fields. However, data and experience of growers seems to indicate that while considerable success is had in reseeding spots or patches, it is not often that a stand which is all over the field can be rejuvenated by reseeding without pulling it up. If sown in the

fall, reseed early, the following spring, and it sown in the spring reseed in the fall, is the advice of those who venture an opinion.

Old alfalfa has a tendency to smother out any young plants that may start. Some have tried keeping old plants clipped in order to give young plants a start. This has not been found very successful. Corn growers' advice in regard to thickening a poor stand of corn by replanting by hand will invariably be to plant it over again. The same advice can generally be followed with profit in regard to trying to thicken a stand of alfalfa.

If your thin stand due to lack of drainage, need of lime or inoculation; or because of a faulty seed-bed or temporarily unfavorable weather or soil conditions, or is it the treatment you have given the plant after you have a good stand? It is not possible to formulate a rigid set of rules, but since alfalfa is such a valuable plant, why take any chances? It is best to control all factors.

It is generally conceded that late cutting reduces the vigor of the plants and that growth the following spring will be less vigorous. A safe rule to follow is that alfalfa should have from 4 to 8 inches of growth before the first cutting. Close or short mowing of the first cutting of a young field kills at lot of alfalfa. In short, a close study by every alfalfa grower of all the factors that are likely to lessen the vigor of the plant will be worth while, for then it will probably not be necessary for him to worry about rejuvenating his alfalfa. His first stand will be a good one.

—V. Vaniman, Assistant State Leader.

FARM CHANGE HANDS
Grant Graff has secured possession of the 192 acre Springer farm which joins Charley Rowe, northwest of the city. In turn Mr. Hausmeier gets 160 acres three miles northeast of town and known as the Dwyer farm, and a house and lot in the city. The latter will be found on West College avenue, north side, first west of Prospect street. The deal was made through Erixon and Taylor who have recently negotiated the sale of ten farms and five pieces of town property.

A GOOD CROP
James Holmes of Orleans was in the city yesterday feeling very complacent over his wheat crop especially the yield. He had 65 acres of turkey red that averaged 35 bushels to the acre and was a good sample. The land was black prairie and mostly wheat or oats stable and Mr. Holmes said he could see no difference in the yield in any part of the field.

A UNIQUE LOAD
A short time since a man came to town in his Ford touring car and standing demurely behind the front seat was a cow and on the back seat her calf. The owner was making good time with his load and remarked that the auto would carry almost anything. That cow must have been well trained to get into that car and stand quietly.

A TRIBUTE TO A JACKSONVILLE MUSICIAN
The Springfield Register has an article referring to an eminent author, Stephen Graham, a writer of poems and fascinating books of travel who is a guest of Mrs. Catharine Lindsay of the capital city. Mrs. Lindsay's son Vachel Lindsay, is also an author of repute. The article goes on to say, "One of Lindsay's latest poems, 'The London Eyed,' has been set to music by Miss Anne Jackson of Jacksonville. Miss Jackson is at present the house guest of Miss Virginia Dresser. She has set many poems of the Springfield poet to music. She is a very exceptional musician whom writers of popular songs class as a 'chick' because she cares only for the beautiful in music. The poem, 'The London Eyed,' is considered Mr. Lindsay's best."

ACCEPTS OFFER AT NORTHWESTERN

How I Won And How I Lost—Told By Dempsey and Carpentier

Dempsey says, Nuxated Iron used by him as part of his training was in his opinion an important factor of his phenomenal victory over Carpentier as he believes it materially helped to give him that mighty power to withstand Carpentier's hardest hits and that it also helped to put added punch behind his own blows.

Jack Dempsey Super-Man of the Age

Jack Kearns, Dempsey's Manager, says: "Knowing what Nuxated Iron had done for Dempsey in the Willard fight I strongly insisted that he use this wonderful strength and blood builder as a part of his training for the fight with Carpentier, and I believe it was an important factor in building up Dempsey's superhuman strength, power and endurance which were such important factors in winning his easy victory."

Chicago Woman Says Tanlac Has Been a Blessing She Can Never Forget

"Tanlac has been a blessing to me that I can never forget and I want to do all I can to spread the news of this grand medicine to every sufferer in this city," said Mrs. Mary Jendrazek of 1459 Sadwick street, a life-long resident of Chicago.

"I used to be so tired and worn out I could scarcely drag around and scarcely had strength to sweep the floor, but I can bear down on the broom and make the dust fly, and my neighbors are all talking about the wonderful change Tanlac has made in me.

"My nerves were on edge all the time before I got Tanlac, and I lost so much sleep it made me utterly wretched. I suffered terribly from splitting headaches and dizziness and had such severe pains that kept me feeling depressed and no-account all the time. Everything seemed to go wrong with me. I had no appetite, the little I managed to eat gave me indigestion, and my stomach was so sour and bloated that the gas made my heart palpitate and skip beats until it seemed like I would smother. I was certainly miserable and felt at times there was nothing on earth could help me.

"I was certainly grateful when I started improving on my first bottle of Tanlac, and what four bottles of the medicine have done for me is simply surprising. Why, the indigestion and nervousness are entirely gone. I enjoy all my meals, and never have an ache or pain of any kind. I have gained twelve pounds in weight and have so much strength and energy that my housework is play to what it used to be. I'm just as happy and healthy as one can be and can never praise Tanlac enough.

Tanlac is sold in Jacksonville by Shreve's drug store and by leading druggists everywhere.—Adv.

plus men with three-year enlistments must be paid their full allowance.

Since March 1, 1921 174 civilian employees have been discharged by the War Department. The annual saving, at an average salary of \$1200, has been placed at \$254,088.00.

Sixty enlisted men of the navy and marine corps have passed the mental and physical examinations for admission to the Naval Academy, at Annapolis, Md., this year. Three hundred and forty-nine municipalities in the Department of the Somme, France, which was damaged, devastated or destroyed during the World War, have been awarded the French War Cross.

A total of 71 lives were exacted by army airplanes during the year ended June 30. Of the number killed while actually aboard airplanes, 48 were in the air personnel, three being civilians who were passengers.

During the first ten days of July 20,000 applications for discharge from the army have been received from the enlisted forces of the United States. The largest per cent of applications has come from troops on the Mexican border.

France will continue the occupation of the Rhine region until Germany has complied with the conditions of the Treaty of Versailles relative to the punishment of those who violated the rules of civilized warfare in the World War.

Since the signing of the armistice, the Federal government has expended nearly \$1,500,000,000 in aiding the former service men, or an average of \$200 for each of the 4,500,000 men in the military and naval service during the World War.

The former German Emperor recently paid, under protest, the poll tax of 5000 guilders claimed by the municipality of Doorn, Holland. The ex-Kaiser protested he has not established himself in Doorn of his own free will.

Because of the extreme heat in Paris, the usual July 14 military review in Longchamps was cancelled. The review has been the feature of the "national holiday" every year, generally three divisions of infantry, one of cavalry and one of artillery being reviewed by president of the Republic and the highest ranking generals.

Upon the completion of the building programs of the world powers, the number of ships in each navy will be: Great Britain 655; United States, 608; Japan, 179; France, 253; Italy, 245. The total tonnage of the navies will be: Great Britain, 2,772,542; United States, 2,117,322; Japan, 785,239; France, 719,237; Italy 500,000.

Robert Lee Wright, an inventor of Los Angeles, filed suit in the District Supreme Court in Washington against Secretaries of war and navy to restrain them and their agents from using five patents pertaining to shell pointers and projectile-carrying explosives, together with fuses and other inventions relative to big powered shells, which he claims are his property.

Officers of the United States army may now lay aside their stifling olive drab uniforms in the heat of the evening. During the day officers will appear as usual in service uniforms. The use of the white uniforms for evening wear and formal functions in the evening was discontinued in May and June, 1917, as a war measure.

Private John McGregor, of the Second Division, established a new army record for long distance hiking with a full pack. The entire distance covered was 1100 miles from San Antonio, Texas, to Denver in 40 marching days. McGregor covered the last 500 miles of march in 14 days, an average of more than 35 miles a day. The pack carried contained a full field equipment weighing 45 pounds.

Since military decorations have been abolished in republican Germany, the Prussian Academy of Science is establishing a brand new class of the Leibnitz Medal exclusively for deserving foreigners. This innovation was prompted by the reasoning that "since decorations have been abolished, there is no means of giving recognition to the meritorious services of pro-German foreigners. The new medal will be of bronze.

The War Department has a museum at Aberdeen Proving Ground Md., in which specimens of vehicles and other ordnance equipment will be preserved and be available for study. Among the interesting vehicles on display is the first 6-ton tractor constructed in 1917 for the United States army, the first 10-ton tractor; the German tractor used to pull the 42-centimeter howitzer; French and English artillery tractors, and the first three experimental tanks built in this country.

FORMER RESIDENT OF COUNTY IS BURIED

Funeral Services for Late Mrs. Ada Long Held at Exeter —
News Notes of Interest From Bluffs.

Bluffs, July 27.—Mrs. Ada Long, widow of the late Dr. Andrew Long former resident of Exeter, died at her home in St. Cloud, Minn., Tuesday aged 83 years.

Funeral services were held at St. Cloud after which the remains were brought to Exeter for burial.

Brief funeral services were held at the home of Mrs. Ada Peak in Exeter at 3 o'clock Thursday and interment was made in the Exeter cemetery. The remains were accompanied by her sons, Edwin Long, Mr. and Mrs. Jesse Long and daughter, Miss Lyla of Minneapolis, Minn.

The bearers in Exeter were: R. T. Brackett, Otto, Stewart, Fred and Walter Armitage and R. C. Borum.

R. C. Borum and wife and Stewart Armitage of Muskogee, Okla., Mrs. Belle Simpson and daughter, Miss Irene of Mt. Sterling, Meadames Lee Baird and C. A. Phillips of Bluffs. Mrs. Long resided in Exeter about 35 years ago where she had many friends and relatives. She was born in England and came to the United States when seven years of age.

Rev. Elvin T. Palmer and bride have returned from Manchester, N. H. The round trip was made by auto and Mrs. Margaret Palmer, mother of the groom accom-

panied him and they report a pleasant journey. They were absent about four weeks.
Miss Emma Thomas of Keokuk, Ia., who has been the guest of friends for the past week has returned home. She was accompanied by Miss Margaret Vannier who will remain for a week's visit.

Mrs. H. Logan expects to leave in a few days for a visit with her son in Pueblo, Colo.
Misses Zeta Morris and Pearl

Rockwood will attend the Doct Science school held at the fair in Springfield, July 12. This is the only school of its kind in the world and sixteen thousand girls have enrolled since it was organized 22 years ago.
George Wyckoff came in Chicago Thursday to ship household goods to that where he has taken up his residence.
Miss May Dunham is visiting relatives in Maysville.

Why you should buy an Electrolyte Battery

- 1—IT HAS NO SEPARATORS thus doing away with nine-tenths of all battery trouble. It never will need re-insulation.
- 2—IT WILL NOT BUCKLE because the plates have no obstruction such as separators. They expand quickly in all parts thus avoiding buckles and breaks.
- 3—IT REMAINS A SNAPPY QUICK ACTION BATTERY THROUGH ITS LIFE having no friction from separators causing the sediment to clog up the pores.
- 4—THEY HAVE THREE TIMES THE POWER OF ANY SEPARATOR BATTERY caused by the plates being free on both sides for chemical action.

Willimasons Best

Beats all the Rest

WILLIAMSON'S BEST flour is made from the choicest hard winter wheat, carefully selected by our experienced buyer; is ground in the finest and most modern mill in the world by expert millers who have spent a life time at their trade. This is a combination which no mill in the world can beat. More bread to a sack, will be made from Williamson's Best flour than can be made from any flour on the market, and for general use it is without an equal.

Church Services Today

First Baptist church—Sunday school assemblies at 9:30 a. m. Classes for all. A fine place to begin the week. At 10:45 a. m. the morning worship is held at which Rev. A. P. Howells will preach on the subject, "Choosing a Life Work." Mrs. Kolp will preside at the organ and a well known soloist will sing. A special invitation is given to the teen-age folks. The Baptist Mission Sunday school meets at 2:30 p. m. "The Influence of the Bible on Literature, Art, Music and How" is the subject for the B. Y. P. U. at 6:30 p. m. The special feature will be the report of the Illinois Baptist Assembly recently held at Alton by the delegate, Miss Lillian Swift. Open air service will be held on Grace church lawn at 7:30 p. m. Be one of the fifty-five at the mid-week prayer meeting on next Wednesday at 7:30 p. m.

Grace Methodist Episcopal church, Thomas H. Toll, pastor—Sunday school at 9:30 a. m. T. V. Hopper, superintendent. Owing to the prevailing illness among children in the city, there will be no meeting of classes in the beginners and primary departments. All other classes will meet as usual. Morning worship at 10:45. Theme of sermon: "Job, the Perfect Man." This will be the first of a series of four sermons on the Book of Job. Epworth and Junior league meeting at 6:30 p. m. Evening worship at 7:30. This will be a union service on the lawn. Rev. Mr. Howells, pastor of the First Baptist church, will deliver the sermon.

Northminster Presbyterian church—Walter E. Spooner, minister, Sunday school at 9:30. Morning service at 10:45. Preaching by the pastor.

Exhibit

There will be an exhibition at the real estate tent on Chautauqua grounds in Arenzville from July 28 to Aug. 1, fine lot of farm products that were grown on the lands in the celebrated Judith Basin country of Montana.

If you are a renter or land owner it will pay you to come here and inspect these products and compare same with similar crop grown on Illinois \$300 land. Descriptive literature and booklet will be distributed to ones that are interested. This land improved is selling from \$60 per acre up.

AN OLD-TIME FISH FRY

Back in the '80s the "Mike" Carroll fish fry was an annual event, and many of the old-timers have been talking since the Elks have announced a "Fry." The last one that took place was June 22, 1881, and long known as the Carroll fish fry as M. H. Carroll, proprietor of the New York Dining rooms west of the host of the occasion. Looking over a file of the Journal an interesting account of the affair is found. About 125 persons were present and they took the early train for Meredosia where they arrived without event or mishap. On the way down John McBride told a story and the Fifth Regiment band with Reuben Clark as leader, discoursed fine music all the day.

Arriving at Meredosia they took a boat up to the Keener-Pike warehouse, five miles from the town and then all who were so disposed took skiffs, fishing tackle and did some fishing tho not enough to supply the dinner tables.

Naturally the dinner was the great event of the day and the menu was of course good and all the more enjoyed as the guests brought along keen appetites which are always the best sauce. Of course, tried fish was the staple article on the bill but it was varied with cold tongue, ham, chicken and bacon with plenty of good bread. There were eating contests and any amount of good natured badinage and jokes but all in the best of feeling.

A rowing match between two colored cooks, Charley Mitchell and Jim Carroll, furnished some fun and was won by Mitchell. Hon. E. L. McDonald attempted to do a little rowing but missed the company craft and had to propel himself three miles which made him pant right lively.

Before returning home the company was called together in formal manner with Irvin Dunlap chairman, and H. L. Clays, editor of the Courier, secretary, and a series of resolutions were prepared and adopted expressing cordial thanks to Mr. Carroll for his generous hospitality.

L. C. Tiffany, N. R. Jerald and John G. Loomis were made a committee to buy a suitable testimonial to be presented Mr. Carroll and one to the band.

At Meredosia the company formed in procession, and led by M. H. Carroll and Al Hocking they marched through the streets of the place creating considerable comment. At Bluffs Mayor John R. Loar, Thomas Dresbach and A. E. Lyon made an attack on some pies at the eating house by the station.

Among the guests were Judge Cyrus Epler, Mayor J. R. Loar,

Daily Market Report

WHEAT AVERAGED
LOWER IN PRICE

By Associated Press
CHICAGO, July 30.—Wheat
averaged lower in price today,
chiefly as a result of prospective
large receipts Monday and be-
cause of slowness of export de-
mand. The market closed unset-
tled 1/2¢ net lower to one cent up.

Sept. 1, 1921 to \$1.23 1/2 and
December 1, 1921 to \$1.26 1/2. Corn
finished 3 1/2¢ off to 8 1/2¢ advance
and oats down 1/2 to 3/4¢, and pro-
visions ranging from 10¢ decline
to a rise of 7¢.

With primary receipts this
week the largest in years if not
the largest on record, bears in
the wheat market were in pos-
ition to emphasize the effect of a
continuance of heavy arrivals.

Then, too, the absence of any im-
portant export buying was made
more noticeable owing to some
cancellation of purchasing for
Great Britain and it was the En-
glish credit granted to Germany
had been exhausted. Favorable
crop reports from Canada were
current. On the other hand
declines led to some broadening
out of demand from traders who
talked of higher prices after the
present heavy movement of
wheat let up. July delivery
scored gains at the last after be-
ing depressed earlier by settle-
ment of a spread against large
sales of rye.

Insufficiency of rains made the
corn market firm except for a
month-end sag of the July deliv-
ery in the last few minutes of
trading. Huge stocks on hand
pulled down oats.

Packers buying gave firmness
to lard, but other provisions were
easier in line with hogs.
